Re: Letter of Recommendation

To Whom It May Concern:

Kuester Management Group began using Grammar Chic in 2011 to handle all of our blogging, writing and marketing needs. Over the past several years, we have used various marketing companies, copywriters and even internal personnel for these needs but never seemed to get what we truly wanted.

The decision to outsource all of our marketing and writing projects to Grammar Chic has been the best decision we have made all year. We continue to be impressed with the resourcefulness, accuracy, timeliness and quality of the work produced by their Team.

The bottom line is that Grammar Chic makes Kuester look good in areas we can't afford not to.

Kuester Companies offers our unreserved recommendation of Grammar Chic.

Sincerely,

Bryan Kuester
Vice President
